

## Category Change Form - FORM D (OPTIONAL)

**DO NOT FILL OUT THIS FORM IF YOU DO NOT WISH TO CHANGE YOUR STATUS**

As a member of the Allied Health Professional (AHP) staff at Kettering Health, you are an integral part of the patient care team.

The AHP staff was initially created for the purpose of providing patient care in the hospital; however, with the progression of healthcare, patient care has evolved to the outpatient setting. Kettering Health recognizes the practitioners, specifically, the Advanced Practice Providers (APPs), who are an essential part of the patient care team who need to be affiliated with the hospital, but who do not provide patient care in the hospital.

Two categories have been created for the AHP Staff to appropriately define practitioners who provide inpatient care or outpatient care:

AHP Active – Practitioners who treat and consult patients in the hospital (inpatient care). Active Practitioners must participate in professional practice evaluations (OPPE and FPPE).

AHP Associate – Practitioners who do not treat patients in the hospital (outpatient care); rather refer patients to the hospital’s diagnostic and treatment facilities.

**Associate Practitioners do not participate in professional practice evaluation (OPPE and FPPE).**

To **CHANGE** your category, please complete the information below

Campus:	Preferred Category:	Supervising Physician:
Kettering Health Hamilton		
Kettering Health Dayton/Washington Township		
Kettering Health Greene Memorial		
Kettering Health Main Campus		
Soin Medical Center		
Kettering Health Miamisburg
