

Endocrinology Soin & KHGM Delineation of Privileges

Applicant's Name:

Instructions:

1. Click the **Request** checkbox to request a group of privileges.
2. **Uncheck** any privileges you do not want to request in that group.
3. Check off any special privileges you want to request.
4. Sign/Date form and submit with required documentation
5. Applicants have the burden of producing information deemed adequate by the Hospital for a proper evaluation of current competence, current clinical activity, and other qualifications and for resolving doubts related to qualification of requested privileges.

NOTE:

Privileges granted may only be exercised at the site(s) and setting(s) that have the appropriate equipment, license, beds, staff, and other support required to provide the services defined in this document. Site-specific services may be defined in hospital or department policy.

This document is focused on defining qualifications related to competency to exercise clinical privileges. The applicant must also adhere to any additional organizational, regulatory, or accreditation requirements that the organization is obligated to meet.

Required Qualifications	
Membership	To be eligible to apply for core privileges in endocrinology, the initial applicant must meet the following criteria.
Education/Training	Successful completion of an Accreditation Council for Graduate Medical Education (ACGME)- or American Osteopathic Association (AOA)-accredited residency in internal medicine followed by successful completion of a fellowship in endocrinology.
Certification	Current subspecialty certification or active participation in the examination process with achievement of certification within six years leading to subspecialty certification in endocrinology, diabetes and metabolism by the American Board of Internal Medicine or achievement of a certificate of special qualifications in endocrinology by the American Osteopathic Board of Internal Medicine.
Clinical Experience (Initial)	Applicants for initial appointment must be able to demonstrate provision of inpatient or consultative services, reflective of the scope of privileges requested, for at least 24 patients during the past 12 months or demonstrate successful completion of an ACGME- or AOA-accredited residency, clinical fellowship, or research in a clinical setting within the past 12 months.
Clinical Experience (Reappointment)	Current demonstrated competence and an adequate volume of experience with acceptable results, reflective of the scope of privileges requested, for the past 24 months based on results of ongoing professional practice evaluation and outcomes. Evidence of current ability to perform

privileges requested is required of all applicants for renewal of privileges.

Core Privileges Endocrinology

Description: This list is a sampling of procedures included in the core. This is not intended to be an all-encompassing list but rather reflective of the categories/types of procedures included in the core.

Request		<i>Request all privileges listed below.</i>
KHGM	SOIN	Click shaded blue check box to Request all privileges. Uncheck any privileges you do not want to request.
		- Currently granted privileges
		Admit, evaluate, diagnose, treat, and provide consultation to patients of all ages with injuries or disorders of the internal (endocrine) glands (e.g., thyroid and adrenal glands) and metabolic and nutritional disorders, diabetes in pregnancy or gestational disorders, obesity, pituitary diseases, and menstrual and sexual problems. May provide care to patients in the intensive care setting in conformance with unit policies. Assess, stabilize, and determine disposition of patients with emergent conditions consistent with medical staff policy regarding emergency and consultative call services. The core privileges in this specialty include the procedures on the attached procedure list and such other procedures that are extensions of the same techniques and skills.
		Procedures (This listing includes procedures typically performed by physicians in this specialty. Other procedures that are extensions of the same techniques and skills may also be performed.)
		Basic laboratory techniques including interpretation
		Interpretation of hormone assays
		Perform and interpret stimulation and suppression tests
		Perform fine needle aspiration of the thyroid
		Perform history and physical exam

Acknowledgment of Applicant

I have requested only those privileges for which by education, training, current experience, and demonstrated competency I believe that I am competent to perform and that I wish to exercise at Kettering Health Greene Memorial and/or Soin Medical Center, and I understand that:

A. In exercising any clinical privileges granted, I am constrained by applicable Hospital and Medical Staff policies and rules applicable generally and any applicable to the particular situation.

B. Any restriction on the clinical privileges granted to me is waived in an emergency situation and in such situation my actions are governed by the applicable section of the Medical Staff Bylaws or related documents.
