

Southview Medical Center Hand Surgery Center

The Hand Center located on the campus of Southview Medical Center is the most advanced facility for hand surgery and hand trauma needs in the region. The Hand Center continues to develop and adapt new methods in the field of hand surgery to offer patients the best in care.

We repair traumatic injuries, repetitive motion injuries, arthritic conditions and hereditary disorders. Our goal is to restore the patient's use of the hand, wrist, arm, elbow, and shoulder to the greatest degree possible.

Specialties include:

- Endoscopic Carpal Tunnel Release
- Hand Trauma
- Microsurgery
- Shoulder Repairs
- Total Elbow Replacement
- Total Shoulder Replacement
- Total Wrist Replacement

For more information or to schedule an appointment please contact Kim Eneix at **(937) 401-6003**.
